How to Give Your Customers Vacations Through Marketing Boost & How They Can Easily Redeem Them

This 7 easy steps guide shows you exactly how the process works for you and your client.

You'll see how easy it is for you to send and then how simple it is for your client to redeem and book their vacation

STEP 1.

Visit the 'destinations' page at <https://marketingboost.com/marketing-incentive-vacation-destinations> and decide what locations would best suit your clients geographically and what would most likely appeal to them.

The screenshot displays the Marketing Boost website interface. At the top, there is a navigation bar with links for Destinations, By Industry, Facebook Group, Pricing, FAQ, and Member Login. Below this is the Marketing Boost logo and a menu with options: FEATURES, IDEAL FOR, WHAT MEMBERS SAY, DEMO, FREE VACATION, and a green button labeled START FREE TRIAL. A tagline reads: "Marketing Boost: Enabling People To Grow Their Companies Through Sales Incentives".

The main content area features a headline: "The Marketing Boost Program Gives You the Ability to Explode Your Leads & Sales By Giving Away Complimentary Vacations". Below the headline is a sub-headline: "A common question we get is 'where are the locations that I can give vacation vouchers for?' You can see these beautiful places below now...".

The section is titled "4 Days / 3 Nights USA Vacation Locations" and displays a grid of destination images with labels:

- ATLANTA
- ATLANTIC CITY
- BRANSON
- CHICAGO
- DAYTONA BEACH
- GATLINBURG
- LAS VEGAS
- MIAMI

Additional destination images are visible at the bottom of the grid, including a city skyline, palm trees, a city skyline, and a mountain range.

STEP 2.

Login to your **members area** and
Choose the **'Beta Incentives Platform'** option
(which allows online booking for a streamlined booking process)

Then fill out the form to
digitally deliver the vacation offer to your client

You have the choice to make **the voucher destination specific only** (so more than one hotel is offered) OR hotel specific if you want to offer them only the one hotel specified on the form

The image shows a screenshot of the MarketingBoost website. At the top, there is a navigation menu with items: Vacation Incentive, Beta, Printed Certificates, Restaurant Incentive, Hotel Savings Card, Bulk Incentives, My Business, Subscription, Resources, and FAQ's. The main content area features a banner for a webinar with the text "View Details & Register Your Place for the Next Upcoming Members Training Webinar" and a "VIEW AND REGISTER NOW" button. To the right, there is a smaller banner for a Facebook community with the text "Join the Conversation & Ask Questions in the Advertising Boost Facebook Community" and a "JOIN NOW" button. Below the main banner, there is a section for "Beta Incentives Platform" with a "BETA INCENTIVES PLATFORM" logo and the text "Vacation Incentives Beta (New) 50 Locations, Online Bookings". A red arrow points from this section to a detailed form for sending a vacation incentive. The form includes fields for Business Name, Country Name, Destination Name, and a section to choose the vacation incentive type (Destination Based Incentive or Hotel Based Incentive- Luxor). There are also fields for a message and a "Send Invitation" button.

STEP 3.

Your client will receive an email from 'Redeem Vacations' which gives them a link to activate their complimentary vacation.

They have 7 days to redeem the vacation, and then 18 months after that to choose and book online the travel dates that best suit them.

STEP 4.

When your client clicks on the activation link in the email, they will be re-directed to the activation webpage, which gives them all the info about their destination, what their stay is valued at and where they can activate their vacation by paying the small booking fees and taxes. Once they do this, their stay is activated and they have 18 months to book their hotel and travel dates.

Upon activation, your client will receive confirmation online and via email. The confirmation email has a link which allows your client to then choose their travel dates and hotel based on what hotels are available for their travel dates

The screenshot shows an email from Redeem Vacations. The header features the company logo, which includes a suitcase icon and the text "Redeem Vacations". The main body of the email contains the following text:

Thank you, Greg Cassar! You have just activated your complimentary vacation to Las Vegas.

To book your travel dates, [click here](#).

You have 18 months to use your complimentary Las Vegas vacation.

There are no black out dates other than major holidays but hotel inventory is based upon availability.

Expert Tip: Try searching for mid-week dates for more complimentary hotel choices.

Group travel is not permitted with your complimentary vacation. The hotel will honor only one complimentary vacation per family, friends, acquaintances or known groups traveling on the same, similar and/or adjoining arrival and departure dates.

Unfortunately, if you are traveling with others this package cannot be used for this trip, but you can save it for later. Otherwise, there are additional costs associated with group travel.

Enjoy your complimentary vacation from gregcassar.com!

Best Regards,
Redeem Vacations

STEP 6.

Just like any other online hotel booking system, your client can choose their travel dates and then a list of hotels is given based on availability for those travel dates.

They choose which hotel they would like and have the option to upgrade their room if desired, otherwise they can just choose the free option.

The image shows two screenshots of the RedeemVacations website. The top screenshot displays a list of hotels with their names, star ratings, and locations. The bottom screenshot shows the 'CHOOSE YOUR ROOM' section with a table of room options and their prices.

Hotel Listings:

- HARD ROCK HOTEL AND CASINO** (4 stars): Las Vegas, U.S.A. Amenities: ATM, Banquet, Cable / Satellite Television and 81 more.
- EASTSIDE CANNERY** (3 stars): Boulder Strip, U.S.A. Amenities: ATM, Cable / Satellite Television, Car Parking and 49 more.

The last step is to enter their details and secure the booking. The booking will be \$0 if they do not choose to upgrade their room, as they have already paid any fees and taxes when they activated their hotel booking

Your customer then receives their booking confirmation via email and there's nothing left to do other than them enjoying their trip and generating customer referrals for you.
